

Board Considers Proposed Statutory Amendments

Due in large part to the fatal accident this past ski season involving a child skier and a snowmobile, the Board is discussing possible amendments to the Ski Area Safety Act. At its meeting June 13, 2007, the Board heard from the family of the child as well as legislative representatives regarding possible statutory amendments. The department has also identified several areas within the Act that may require updating or clarification.

The Board named a sub-committee to look into the issues and to consider suggested amendments. The sub-committee plans to meet in July (date yet to be determined) to discuss the issues. Interested parties who wish to make suggestions for changes to the Act may send them to Amy Shell at: shella1@michigan.gov.
